

S-3 - Ship's Store, Clothing

Ship's servicemen of S-3 Division operate the many personal services which are given to GOMPERSMEN and destroyer sailors through the various outlets on board. The ship's stores make every day needs available and also dispense special services such as the soda fountain and the tape store. The laundry, dry-cleaning plant, tailor shop, and clothing and small stores facilities are all operated by S-3 Division. The duty barber ready to administer a standard Navy haircut to the liberty line also comes under the ship's serviceman's rating.
