

EXECUTIVE STAFF

Cdr. H. C. Miller, the Executive Officer

Commander H. C. Miller and before him Commander V. G. Lambert are what you might call department head's department head. Besides being second in command "the exec" has a staff that is directly under him to handle the problems of personnel, legal matters, administration, ship's secretary, and education. Also incorporated in the Staff are the chaplains and the ship's band. The above is hereby AUTHENTICATED by the Editor.
