

# COMDESRON 13

**Capt. H.G. REAVES, Jr., USN**

From the Commodore:

The "Let's Do" spirit in EDSON has been an inspiration and a challenge for the "Black Cat" Squadron. From our snappy sortie on 13 March, through the battle of Tonkin Gulf, the vigil off Danang and our eventual return on 2 October, it has been a comfort and a privilege to have my pennant flying from such a fine ship. My thanks, good luck and Godspeed to All Hands.
